PROFESSIONAL SUMMARY

Aspiring Frontend Developer with strong knowledge of HTML, CSS, and JavaScript. Currently pursuing Bachelor of Computer Applications (BCA) and passionate about building responsive, interactive, and user-friendly web applications. Experienced in developing frontend projects including Rock Paper Scissors Game, Quiz App, ToDo App, and Landing Pages. Familiar with DOM manipulation, Local Storage, Responsive Web Design, Git, and GitHub.

TECHNICAL SKILLS

Frontend Technologies: HTML5, CSS3, JavaScript (ES6+)

Web Development: Responsive Web Design, Flexbox, CSS Grid, DOM Manipulation, Media Queries

APIs & Storage: REST API, Fetch API, JSON, Local Storage

Tools: Git, GitHub, Visual Studio Code

PROJECTS

Quiz App

HTML, CSS, JavaScript

- Developed an interactive quiz application with multiple-choice questions and dynamic score updates.
- Implemented condition-based question routing, dynamic state tracking, and countdown timer logic.

Rock Paper Scissors Game

HTML, CSS, JavaScript

- Built an interactive web-based game featuring dynamic score tracking and animations.
- Implemented clean conditional computer-choice logic and event-driven DOM updates using JavaScript.

ToDo App

HTML, CSS, JavaScript, Local Storage

- Built a modern task tracker featuring add, update, and persistent delete capabilities.
- Utilized browser Local Storage configuration to secure and retain data across browser sessions.

Personal Portfolio & Landing Pages

HTML, CSS

- Created highly optimized landing pages and a personal portfolio website to showcase core projects.
- Executed fully responsive flex layouts to ensure design consistency across desktop and mobile devices.
